ROCKS COACHING STAFF

Coach Jamey Collins

Coach Jamey Collins is beginning his fifth season as head coach of Dublin Coffman High School. Coach Collins and the Rocks ended last season with an OCC Buckeye Division championship and District Runner-up finish. This was the fifth time in the last six years that the Rocks have advanced to the Central District championship game. With a won-loss record that now stands at 117-44 in seven seasons as a head coach, Coach Collins' teams have captured four league titles and have had played in four district championship games. Before returning to Dublin Coffman as the head coach in 2002, Coach Collins spent four seasons as head basketball coach and teacher at Ridgedale High School. During those four years Ridgedale compiled a record of 70-24, including three consecutive MOAC Blue Division Championships and a 33 game regular season win streak. The regional finalist 2000-01 team finished with a 25-1 record, becoming the only team in league and school history to finish the regular season undefeated. Coach Collins was named the Ohio Division III Coach of the Year in 2001. He also has been named the Central District Coach of the Year in Division III (2001), Division IV (1999), and District 11 (2001). Two of his basket-

ball coaching highlights came in one weekend in 2002 when he presented his father, Will, for induction into the Ohio High School Basketball Coaches Hall of Fame, and Jamey coached in the Ohio North vs. South All-Star Game.

Coach Collins has a Computer Science and Mathematics Degree, and is currently teaching in the business department at the high school. He and his wife Danielle, who is a science teacher here at Dublin Coffman, have a daughter Ava.

Teamwork

We support Rocks Soccer because teamwork is working together toward a common vision.

It's the ability to direct individual accomplishment toward organized objectives.

It's the fuel that allows common people to attain uncommon results.

It's less about me and all about we.

Simply put, we support Rocks Soccer because they are a team that proves by working together you can lift things a little higher, and a little further toward the heights of excellence.

Good luck from one great team to another.
